# University of Basel template for the L<sup>A</sup>T<sub>E</sub>X beamer package

Author, Institute, January 1, 2019

# Overview of the title page

## Logos

- For legal reasons, the university logo is not included in this template.
- **However, if you are a member of the university, you can download it** at  
<https://www.unibas.ch/de/Mitarbeitendenportal/Infrastruktur/Corporate-Design/Logo-Vorlagen.html>.
- To include the logo, replace the files  
*UniBas\_Logo\_DE\_Schwarz\_RGB\_65.pdf* and  
*UniBas\_Logo\_EN\_Schwarz\_RGB\_65.pdf* with the correct file.
- If necessary, a second logo (e.g. of your institute) can be put in the upper right corner. Modify the variable `titlelogo` accordingly.

# Overview of the title page

## Affiliation

You can display your affiliation as follows:

- No affiliation at all
- Author
- Author, date
- Author, institute, date

# Overview of the title page

## Images

- Feel free to replace the main title image by another image having the same aspect ratio
- Logos and the main title image are stored in the folder "beamerLogos"

# Overview of the footer

On the left-hand side, you can display the following items:

- Nothing at all
- Title – author
- Title – author – date

On the right-hand side, you can display the following items:

- "University of Basel" text (optional)
- Slide number
- Number of total slides (optional)

# Colors

The main colors of the University of Basel corporate design are already predefined

# Widescreen (16:9) slides

- By default, this template creates slides with a 4:3 aspect ratio
- You can create slides with a 16:9 aspect ratio by putting the option `aspectratio=169` to the documentclass and by activating the `WideScreen` switch.
- Remember to use a title image with an appropriate aspect ratio!
